Derma-Care Skin and Cosmetology Centre

The Trade Centre, Near Woodlands, Bunts Hostel Road,

MANGALORE - 575 003, INDIA.

Landline: 0824-4260959, Email: gspai@derma-care.in

Website: www.derma-care.in

Finebeam Dual Q-switched and Long-Pulse Nd:YAG laser from SNJ, Korea has completed eight months in Derma-Care, Skin and Cosmetology Centre, Mangalore, India. It is a versatile machine with high power delivery and a focused mode which is very effective. It has expensive software in the articulated arm which gives perfection in delivery of power and options for upgrading in future. A substantial number of daily cosmetic procedure are done using the Finebeam Qsw laser in our centre. I recommend every aspiring dermatologist to possess this laser device to upgrade and enhance their practice.

With the Finebeam, you will pick up a fine practice and your patients will be beaming with happiness.
